

## **Seminar Questions**

1. How and why did the European model emerge? Can you identify the European model as the beginning of a new world order? Explain.
2. Do you agree with Andrew Moravcsik's Liberal Intergovernmental (LI) theory of European integration? Compare and contrast LI with at least one other theory of European integration to support your argument.
3. How can the concepts of governance and multi-level governance be useful for understanding policy-making in the EU?
4. In your view, does European integration have its limits? Explain your answer with empirical examples.
